Mr. Jim Van Gilder
Corrosion Technologies Corp.
P.O. Box 551625
Dallas, TX 75355-1625

Dear Mr. Van Gilder:

Your product, listed below, has met the qualification requirements of specification MIL-C-81309, Corrosion Preventive Compound, Water Displacing, Ultra-Thin Film.

Listing on the Qualified Products List (QPL) will appear as follows:

<u>Government Designation</u>	<u>Manufacturer's Designation</u>	<u>Test or Qualification Reference</u>	<u>Manufacturer's Name and Address</u>
Type II Class I	Corrosion X Aviation	This letter	Corrosion Technologies Corp. P.O. Box 551625 Dallas, TX 75355-1625
			<u>Plant</u> Tulco Oils, Inc. 5240 East Pine Tulsa, OK 74158

Your product, company name and address, as indicated above, will be listed on the next issue of the QPL for the specification. To insure correct listing, please advise us within ten days from the date of this letter of any discrepancy.

The following statements are binding upon the manufacturer per the Defense Standardization Manual 4120.3M:

1. This listing does not guarantee acceptance of the product in any future purchase.
2. This listing does not constitute a waiver of any requirements of the specification or of the provisions of any contract.
3. Any use of such listing for publicity, advertising, or sales shall not state or imply that the product is the only product of that type so qualified, or that the Government in any way recommends or endorses the manufacturer's product. Violation is cause for removal of the product from the list by the Government activity concerned.

4. This listing applies only to products produced in the plants specified in this letter of notification and is effective at 8:00 a.m. local time as of the date of this letter. If extension of qualification to any of your other plants is desired, please request such extension through this office.

5. This listing applies to amendments or revisions of the specification unless otherwise notified.

6. This listing applies only to products identical to that qualified. There shall be no change in formulation or manufacturing procedure unless the material is re-examined for compliance with the requirements of the specification by the qualifying activity. Failure to notify the qualifying activity of a change in formulation is cause for removal from the QPL. The manufacturer is cautioned not to change type or grade of ingredients because of possible change in performance characteristics.

7. To retain this listing, manufacturers must comply with retention of qualification requirements. Failure to comply will be sufficient cause for removal from the QPL.
